

# INJECTOR CLEANER (GASOLINE)

## Product Description

**Silver Arrow Gasoline Injector Cleaner is a concentrated aftermarket gasoline detergent additive formulated to meet top-tier gasoline detergent requirements, cleaning fuel injectors and intake-valves, while controlling combustion chamber deposits and preventing intake-valve sticking.**

This product is also blended using an unique friction modifier additive that provides excellent protection to the upper cylinder area where crankcase oil is unable to access.

The injector cleaner provides improvement in fuel economy from the first tank of use, and even greater improvement with continual use. 1 bottle treat of Gasoline Injector Cleaner treats up to 50 liters of gasoline.

## Applications / Benefits

- \* Cleans injector and reduces fuel injector deposits
- \* Cleans intake-valve and prevents against deposits
- \* Restores engine performance
- \* Improves fuel economy

## Typical Characteristics

Test Description	Method	Unit	
Density @ 15 °C	ASTM D 4052	kg/L	0.819
Flash Point	ASTM D 92	°C	82
Pour Point	ASTM D 97	°C	-30
Kinematic Viscosity @ 40°C	ASTM D 445	cSt	2.398
Color	ASTM D 1500		Red
